

Session Title: SDGs for business activity

Name: Masafumi Okuda

Position: Assistant Manager, Corporate Citizenship Dept., AEON Co., Ltd.

Abstract title: “Aeon Decarbonization Vision 2050”

For the realization of a decarbonized society, Aeon Co., Ltd. Has established the “Aeon Decarbonization Vision 2050” as well as an interim GHG emission reduction target to be achieved by 2030.

Based on the vision, Aeon will work to reduce total emissions of CO₂ from its stores to Zero, while cooperatin with all stakeholders, including customers of its stores and business partners across the supply chain (such as manufacturers and logistics companies), for the realization of a decarbonized society.
