

**Session Title: Cool Capitalism**

**Name: Yves Perrier**

**Position: Chief Executive Officer of Amundi Asset Management  
Deputy CEO of Credit Agricole S.A.**

From its foundation, Amundi has been committed to responsible Investment, integrating ESG in its investment policies. Amundi has been particularly innovative in global SRI and climate solutions, based on a strong in house expertise and ESG rating capacities, as well as innovative partnerships such as the one with the International Finance Corporation (IFC) on green bonds in emerging markets. In an aim to further advance our engagement, policy has been strengthened to expand responsible investment throughout all our investment solutions. Climate change and environment preservation will remain key issues, but we also need to tackle other important challenges, for instance social inequalities.
