

# Jens Jæger

## **Position/Department/Division/Institution/Organization**

Policy & Business Development Manager (Asia)

## **Country**

Belgium

## **Career history**

Jens Jæger leads the Asia activities of the Alliance for Rural Electrification (ARE), a global business association representing the decentralised renewable energy sector for provision of energy access in developing and emerging countries. He works closely together with more than 130 ARE Members, as well as international and local partners to improve policy and business development conditions for private sector companies in energy markets.

## **Relevant work experience:**

- Policy & Business Development Manager, Alliance for Rural Electrification (Jan 2016 – present)
- Nordic Desk, United Nations Regional Information Centre (Aug 2014 – Feb 2015)
- Danish Liberal Party, Danish Parliament (Jan 2014 – Jul 2014)

## **Awards/Publications**

Clean Energy Mini-Grids: Powering the Indian Rural Economy (March 2019)

Clean Energy Mini-Grids in the Philippines: Key Recommendations for Decision Makers (October 2018)

Best Practices & Key Recommendations of Young Leaders in Energy Access (January 2018)
