

Session Title: Balance between the Benefits of Plastics and Marine/Land Ecosystem Protection

Name: Yumiko Noda

Position: President & Representative Director, Veolia Japan K. K. / Veolia Jenets K.K.

Veolia, as a global leader in optimized resource management, designs and provides water, waste and energy management solutions that contribute to the sustainable development of communities and industries worldwide. In particular, Veolia has extensive operations in the plastic recycling globally, providing distinct offers and values to our clients. In Japan, Veolia currently operates three plastic recycling facilities, and plans to expand the business further. The presentation will describe Veolia's activities around plastic recycling and its commitment to the circular economy.
