

Session Title: Business Decarbonization Initiatives

Name: Hiro Mizuno

Position: Executive Managing Director and CIO, Government Pension Investment Fund (GPIF)

As a universal owner and cross-generational investor that designates lifespan of 100 years, GPIF is committed to make the capital market sustainable by reducing negative externality that may cause systemic risks. As such, we proactively promote ESG and fully support corporates' transition to sustainable business model. Among various metrics to measure ESG factors, TCFD is one of the most sophisticated framework that promotes climate-related information disclosure. As one of the supporters of TCFD, GPIF has just published TCFD compliant report. And we look forward to more corporates joining our journey to achieve low-carbon society.
